

Compare the latest 2022 leisure vehicles in just a few clicks with ***Find My Leisure Vehicle*** - the industry's new online guide!

FindMyLeisureVehicle.co.uk - the new, free to use online 2022 Industry Guide to the very latest campervans, motorhomes and caravan models from across the market - is now live.

Created by NCC Events in partnership with the industry trade association, the National Caravan Council (NCC), ***Find My Leisure Vehicle*** features a huge database of around 2000 of the latest models, from over 60 of the industry's leading brands. It includes products from Adria, Auto-Sleepers, Auto-Trail, Bailey, Carthago, Chausson, Coachman, Elddis and many more, as well as dealers' exclusive models.

John Lally, Director General of the National Caravan Council said "this independent Industry Guide is in many ways a first – it's authoritative and unbiased. Consumers will be able to rely on and trust this comprehensive database of information, backed by the industry trade body.

It will help people find and compare quickly and easily from brands all in one place – it's the 'Go To' place to start your search whether you are an experienced owner or new to leisure vehicles."

The site has over 20 filters for visitors to easily sort vehicles by type, brand, model, price, popularity and by specific features that are important to them, such as bedroom layouts, weights, dimensions, and bathroom characteristics. Vehicles and specifications can be viewed and compared side by side, and favourites can be saved or downloaded. There is also a 'Find out more' email facility that enables visitors to get specific product questions answered directly by the manufacturers or dealers.

With the Caravan, Camping & Motorhome Show, (22 to 27 February at the NEC, Birmingham) fast approaching, ***Find My Leisure Vehicle*** provides a helpful tool for visitors to see and compare the latest 2022 models online before they go. They can attend, ready to step inside and speak directly to the manufacturers and dealers on their shortlist of favourites in person at the event. A team of ***Find My Leisure Vehicle*** experts will be on hand at the Show to demonstrate the new site and how visitors can use it during and after their visit.

John Lally continues "The pandemic has turbo-charged interest in leisure vehicles, with more consumers choosing a staycation than ever before. Launching FindMyLeisureVehicle.co.uk in advance of the Caravan, Camping & Motorhome Show is very timely as many of the new 2022 models on the website will be available at the Show to view 'live'".

To compare the latest leisure vehicles head to www.findmyleisurevehicle.co.uk.
